

ENVIRONMENTAL POLICY STATEMENT

Oakland Construction Ltd. recognises that its activities have an impact on the environment and is committed to improving its environmental performance and minimising the harmful effects through caring policies and effective management.

The company accepts and acknowledges its obligations and responsibilities under legislation and guidance dealing with environmental issues that affect or arise in consequence of its business.

Oakland Construction is committed to:

- A greener and cleaner Environment for all
- Prevention of pollution in all areas of our operation
- A programme of continual improvement in everything we do
- Keeping ourselves aware of and compliant with, all current and future legislation
- Reduced use of natural resources
- Minimise waste and maximise recycling / reuse

Environmental targets and objectives are set for our Business that are checked by regular management and supervisory actions together with independent internal and third-party audits

Our employees will receive the appropriate levels of training and awareness to ensure that due emphasis is placed on the protection of the Environment and site care/cleanliness.

Recycling and re-use of materials will be carried out where possible and where not, due care will be exercised in respect of waste disposal in accordance with current guidelines and legislation.

This Policy is communicated and made available to all company personnel, supply chain, members of the public and other interested third parties. These responsibilities are clearly communicated by the Directors and are defined within the Company Management System.

The Company Management System is continuously reviewed for effectiveness and suitability by the Directors.

Signed:

Dated: *18th June 2023*

Tom Lee-Fox
Director
Oakland Construction Ltd.
